

Village Hall & Drakes School

Report by Louis Allan

The next meeting of the Village Hall trustees will be held on Monday 22 July.

Drake's School has reported that since opening the Pre School at Drake's School the numbers have grown steadily throughout the year.

The PTFA raised money for the new climbing frame that was opened a few weeks ago by the PTFA Chair, Heather Houston. The parents were invited to the opening and enjoyed a cream tea while the children enjoyed the new equipment.

The children have recently enjoyed an Art Day, welcoming an Artist to work with all the children, along with the pupils from Otterton Primary School.

The pupil numbers for the school remain stable for next year, and both staff and children are looking forward to the summer holidays after another positive year at Drake's Primary School.
